## IN MEMORIAM 2018

(Remembering those special dogs that left us in 2018)

*"It came to me that every time I lose a dog they take a piece of my heart with them. And every dog who comes into my life gifts me with a piece of their heart. If I live long enough, all the components of my heart will be dog, and I will become as generous and loving as they are" -Unknown*

### "Falcon"

Jamaica Bay Dynamic Falcon CD, RN, CGCA;  
ASCA: CD, RN; IWPA: WDSw; NWDA: WPSGCH; APDA: PDN-S, PDN-D, PDA-D  
11/8/04 – 3/5/18  
Owned and Loved by Anne Williams

In March, Falcon lost his battle with a progressive neurological disease. Although he titled in Obedience & Rally, his real talent was in Weight Pulling. He loved the sport and earned a total of ten titles. Highlights include American Pulling Dogs Association Dog of the Year in 2014. He also earned his NWDA Weight Pull Supreme Grand Championship and his IWPA Working Dog Superior Wheels. Both of these are the highest level possible.

But more importantly, Falcon was a sweet and loving dog, with both humans and canines. He was a great walking partner and couch cuddler. I miss him immensely.

**"Arrow"**

*Tarat's Aim for the Stars UD, SH, RAE, CGC; Can CDX; WCX, WCI, CCA  
Golden Retriever*

*10/19/00 – 3/29/17*

*Owned and Loved by Audrey and Bruce Coleman*

*Arrow never had puppies of her own but we always counted on her to help raise any that came into the household. When we were waiting for Hank, our youngest, to join us I asked Arrow to hang around to help out. Hank fell in love with her immediately.*

*Arrow was our "bottom of the pack" dog who enjoyed good health all her life. (10/19/2000-3/29/2017) Her death at age 16 years and 5 months was an accident. We were in South Carolina and training dogs in a pond which we used frequently. Arrow was retrieving bumpers for the fun of it and apparently became tangled in undergrowth and went under twice before we could get to her. We got her out of the pond and after a while she was able to stand up and get into the truck for a trip to the vet in town. At that point her lungs were clear and she even ate a cookie on the way out.*

*Later that day she crashed and the next morning we took her to the vet we usually go to in while in SC and we let her go. The other 4 dogs seemed to understand what had happened as they had all been in the camper with us that evening and saw her having trouble breathing.*

*Arrow had her standards. She got a UD and then decided she did not want to go on for a UDX. She earned a Senior Hunter title and called it quits, not wanting to go on to become a Master Hunter.*

*We know Arrow will be waiting at the Rainbow Bridge for us and all of "her" puppies.*

**“Sisko”**

Sisko's Star Trek OA, NAJ, NF, TKN; CL1, CL2-H, CL2-F, CL3-R, JS-N, RATI RATN

Rottweiler

7/4/10 – 10/16/18

Owned and Loved by Brenda Finnicum

Sisko's start in life was a bit tumultuous. He was an owner surrender to a shelter at about 6 months because they had no time for him and I am guessing he was getting too rambunctious.

He went to a couple of homes before I decided to take him. He certainly was a challenge but he loved training, so train we did. He enjoyed agility so that was his focus. He was known for his awesome contacts and amazing weave poles. He was also an escape artist, able to get out of conventional crates. He could open any crate until I had a special metal one built just for him. I affectionately named it his "jail cell".

Unfortunately, chronic lameness made it impossible for him to continue in competitive agility, so he had an early retirement and became my traveling companion when I was on the road to shows. I always felt safe when he was in the car or RV. He was my constant protector.

A year ago he was diagnosed with a tumor on his spleen, but in that strong Rottweiler way, he fought the disease until it became too much.

I will miss his velvet ears and the way he could jump straight up and backwards on command. I will miss his Rottweiler bark and that stubby muzzle that could get into and out of anything. I will miss the trips we took and watching him swim. I will miss him.

**"Maqui"**

*CH Snapper Creek's Love Her Madly, UD, VCD2, GO, VERS, PCDX, BN, RE, MX, MXJ, OF, TKN;  
CTL1, CTL2, CTL3; DBSA VX, DBSA #1 Working DDB 2012-2018*

*7/2/09 – 4/12/18*

*Owned and Loved by Linda Pacioretty and John Babish*

*Our hearts were broken when we unexpectedly lost our Dogue de Bordeaux, Maqui, in April. Our beloved Maqui was an amazing worker and a devoted, loving family member. She was a joy to train and show, accomplishing many firsts for the breed. She was the first Dogue de Bordeaux to earn a UD, GO, VERS, TD, VCD1, VCD2, Novice, Open, Excellent and Master agility titles, and a TKN. In addition, she received invitations to 3 Eukanuba Agility Invationals and was the #1 Working DDB for 2012 through 2018. Maqui's IDTC awards include the Frosty Award and the Marie Reed Award.*

*A once in a lifetime dog, Maqui was simply the best. There are no words for how much we miss our sweet girl.*

*For the love of dogs we grieve, for the love of dogs we go on.....*
