

Beyond CGC

This class is appropriate for dogs who have completed Beginners II or CGC and owners who want to continue training their dogs, but aren't sure what to do next. This class will build on skills from Beginners II and CGC, while also introducing handlers to different activities including agility, rally, obedience, and more. All activities will help improve handler-dog relationship through games and fun--regardless if your goal is the show ring or having a well behaved pet! The time spent on different activities will depend on the needs and interests of the class.

Students will be expected to help set up and put away equipment before and after class. Bringing a crate for your dog to rest between activities, during discussion, and during set up/clean up is recommended.

Handlers must be IDTC members, have taken previous IDTC classes, or been evaluated by the training director to be eligible for this class. If you are not sure whether this class is right for you, please contact the instructor, Abby Christman at ajc93@cornell.edu. Class will fill on a first come, first served basis.

To register:
